Fri, 07 Dec 2018 01:41:00 GMT Technology for Communities - The technology adoption lifecycle is a sociological model that describes the adoption or acceptance of a new product or innovation, according to the demographic and psychological characteristics of defined adopter groups. The process of adoption over time is typically illustrated as a classical normal distribution or "bell curve". The model indicates that the first group of people to use a new ... Fri, 07 Dec 2018 15:53:00 GMT Technology adoption life cycle - Wikipedia - General-purpose bio (213 words) Etienne Wenger-Trayner is a globally recognized thought leader in the field of social learning theory, communities of practice, and their application to organizations. Sun, 09 Dec 2018 14:03:00 GMT Etienneâ€™s home page | Wenger-Trayner - Communities vary greatly from each other by membership composition

(e.g. very homogeneous or very diverse), dispersion (small and community-focused or international virtual networks), and purpose (very closely-defined or broad and far-reaching). Thu, 06 Dec 2018 21:45:00 GMT

communities_of_practice [kstoolkit] - In today's unpredictable environment, strategic trade and capital crossing borders is in dire need of a wholly new approach. Propelled by the profile of our leaders, we steward safer placement of foreign investment, governmental accessibility, and commercial risk mitigation. Welcome to AFAQ Group - 3. Methodology. In order to find out the requirements for the deliverables of the Working Group, use cases were collected. For the purpose of the Working Group, a use case is a story that describes challenges with respect to spatial data on the Web for existing or envisaged information systems. Spatial Data on the Web Use Cases & Requirements -
